Key Languages and Frameworks

JavaScript (Vue.js, Node.js), Golang, Java, Ruby on Rails

Education

Bachelor of Computer Science (Hons) - Multimedia University (MMU)

➤ CGPA: 4.0

➤ Expected Graduation: June 2020

June 2017 - Present

Experience

Lara Web Solutions - JavaScript (Vue.js)

- Built the entire front end of the SPA for MBonus (mbonus.asia), a rebate and rewards website, and fully integrated it with the backend API.
- Website has over 140,000 active members from Malaysia and Indonesia.

Freelance Front End Developer

Sep 2018 - Present

BotAhead - JavaScript (Vue.js), Golang, Postgres, Docker

- Built the entire front end of the SPA for a live chat system dashboard, and integrated it with the backend API.
- Integrated the live chat system's backend with OneSignal for live notifications and DialogFlow for automated reply.
- Revamped the backend of Messenger Bot from Django to Golang in a dockerized environment, and redesigned the database structure.

Part Time Intern

June 2018 - Present

ParcelXpress - JavaScript (Vue.js)

- Cooperated with two other developers to build the dashboard front end of ParcelXpress.

Freelance Front End Developer

Sep 2018 - Oct 2018

Technical Projects

MMU Past Year Exam Paper Scrapper - JavaScript, Ruby on Rails

- A web application written using Ruby on Rails to access MMU's digital library website and scrape the past year papers using Mechanize gem.
- The server will download papers concurrently using parallel process.

<https://goo.gl/AsyxmL>

EventBrite RSVP Extension - Ruby on Rails

- Developed the ability to send RSVP and custom emails to attendees for an event.
- Used during BarCamp Cyberjaya 2017 for accurate headcount calculation.

BarCamp Cyberjaya 2017

<https://goo.gl/M3rVvz>

Contributed to ITCW Resume Uploader - Ruby on Rails

- Added the feature to slide through resumes left and right instead of having to select one by one from the menu using AJAX.
- Maintained and updated the platform, for example to accept resumes from other universities.

Tech Career Days MMU

<https://goo.gl/u1jZMC>

Leadership Experience

Tech Career Days MMU Cyberjaya

- Led a mini team of about 30 people and secured a funding of more than RM20,000.
- Increased the number of participating employers by 20%.

Assistant Director

June 2017 - Dec 2017

Chinese Debate Team MMU Cyberjaya

- Led a mini team of about 10 people to prepare and participate in The World Mandarin Debating Championship (Southeast Asia's Trial).
- Organized several classes on debating techniques and skills.

Head

June 2017 - June 2018
